

Adding Value Where It Counts DynaClass

Interactive CC-5000 DynaCash Tutorial

COMPREHENSIVE

All relevant info needed for a successful DynaCash Installation is available within DynaClass

Video tutorials provide the core information for a DynaCash install

Word documents and PowerPoint presentations supplement and reinforce DynaCash and CC-5000 knowledge

Lessons Function allows users to choose a particular facet of DynaCash or the CC-5000 to focus on

DynaClass users can use the Quiz Function to test their knowledge of the product

CONVENIENT

DynaClass users can view the training courses at their convenience, and at their own pace

Helpful for existing technicians looking for a refresher on DynaCash, or new technicians looking to review and retain learned information

Also helpful for existing dealers training new technicians on DynaCash

COST-EFFECTIVE

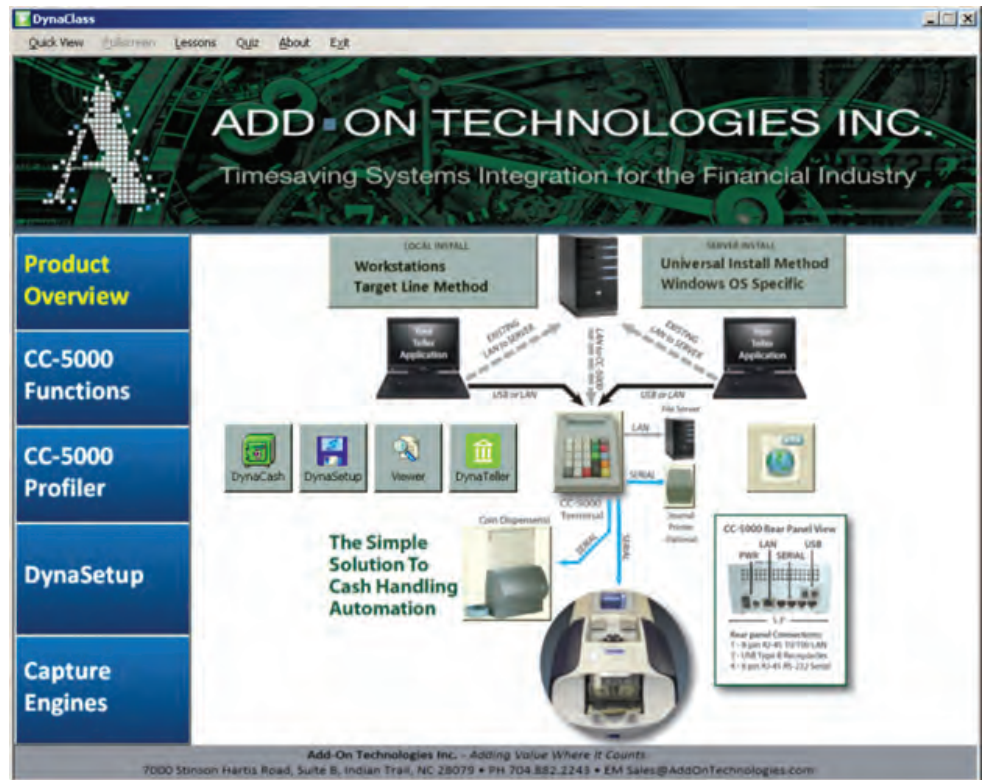

DynaClass is a cost-effective addition to WebEx or On-Site DynaCash training

Each DynaClass comes with a 2-year license for free content upgrades

DynaClass is an interactive training program for new and existing DynaCash Technicians

DynaClass uses click-able navigation with a variety of learning formats including:

- Narrated Video Tutorials
- PowerPoint Presentations
- Word Documents

DynaClass Home Screen

Helping You Put All The Pieces Together To Make Currency Dispensing/Recycling Work Efficiently For You.
