

**Techies Robotics** is a community-based **non-profit robotics** organization located in Charlotte, North Carolina, consisting of multiple teams range in age from **elementary** through **high school** that compete in various **FIRST®** robotics programs.

## Our Mission

Our mission is to develop future generation of STEM leaders by inspiring young people to reach their full potential through mentor-based robotics program with real-world hands-on applications of design, engineering, technology, teamwork and leadership. We firmly believe that this program will help develop problem-solving, creative thinking skills as well as build the characteristics of learning from failure, collaboration and perseverance.

## Our History

Techies Robotics started as two FIRST Lego League Explore teams in 2017. Over the years, we continued to expand. In 2019, our FLL Challenge team, the Techies, won **2nd place championship award** at the NC state championship. In 2020, our rookie FIRST Tech Challenge team moved to the state championship. In the same year, our young FLL Challenge team won **1st place Core Value Award** at the State Championship. They also received a **Global Innovation Award** nomination, and were invited to the Virtual Open Invitational, to compete with 80 teams worldwide.

## Our Values

We abide by six core values: **Discovery, Impact, Innovation, Inclusion, Teamwork,** and **Fun**. We believe in the doctrine of Gracious Professionalism—promoting cooperative competition, and striving for success while building and helping our community.

# SPONSORSHIP LEVELS

	\$2,000+ Elite Mechanic	\$1,000+ Platinum Engineer	\$500+ Golden Inventor	\$250+ Silver Designer	\$100+ Bronze Supporter
Name & logo on website	✓	✓	✓	✓	✓
Youtube shoutout	✓	✓	✓	✓	
Name/logo on next season team team shirt	✓	✓	✓
